SPSE Jecna Test Case

Test Case ID: Fun_5	Test Designed by: Zdeněk Relich
Test Name: Deleting exiting data	
Brief description: Attempt deleting data in the Loans tab.	
Pre-conditions: Run the program the same way as in Fun_1.	
Dependencies and Requirements: Software: Java 17, MySQL 8.0.44	

Step	Test Steps	Test Data	Expected Result	Notes
1	Click on the "Loans" tab.	-	A table with active loans will show up.	-
2	Click on the loan with the Book Title "The Art of War" and Reader Name "Zdeněk Relich".	-	The selected row becomes highlighted.	-
3	Click on the "Return Book" button.	-	A "Confirm Return" window will show up.	-
4	Click "Yes".	-	Information about successful return shows up.	-
5	Click "OK".	-	The loan is no longer shown. It was deleted.	-
6	Click on the "Statistics" tab.	-	A panel with information about total books stored in library, total books available, total readers, loans overdue and inventory value shows up.	-

			Additionally, active loans are seen with overdue loans having red text.	
7	Click "Refresh".	-	The loan previously deleted is no longer shown in active loans.	-
